THE REASON WE'RE ALL HERE TONIGHT

The Pancreatic Cancer Research Fund is a small UK charity dedicated exclusively to funding research into improving the diagnosis and treatment of pancreatic cancer. Founded in 2004 by Maggie Blanks following the death of her husband Alan a year earlier, the charity's main objectives are>

- To raise funds for research into early detection, new treatments and ultimately a cure for pancreatic cancer
- To encourage more of the research community to get involved in pancreatic cancer research
- To promote the need for more research funding by the major cancer research funding organisations

To date, PCRF has supported 52 research projects with grants totalling £8.1 million - all through fundraising and donations.

Pancreatic cancer is the **5th most common** form of cancer death, with around **9,500** people diagnosed in the UK every year. It has the **lowest survival rate** of all cancers – just 3% of those diagnosed survive for five years. It is also the only cancer that has seen no improvement in this figure over the last 40 years. Breast cancer for example, which has received huge publicity, funding and research since the 1970s, has seen its 5 year survival rate increase from 46% to 80%.

For various reasons but mainly researchability, despite its low chances of survival, pancreatic cancer has attracted little research funding in comparison with many other cancers - currently less than 2% of research funding from the major funding bodies. The Pancreatic Cancer Research Fund exists to try and address these issues – to raise new funds for research, be a voice for pancreatic cancer patients and argue for a fair allocation of research funding and attention.

Please support Sue's Summer Soiree in raising well-needed funds for the PCRF tonight!

A FEW THANK YOUS

Please look through and patron the businesses in this booklet who donated tonight's raffle & auction prizes - without their generosity this evening would raise far less for PCRF.

The below businesses went above and beyond and kindly donated funds to get this evening off the ground; our Sue's Summer Soirée sponsors:

- **Cheshire Swimming Pools and Spas**
- **M Davenport Builders Ltd**
- **Stephen Husdan**
- **Andrew Husdan**

A huge thank you to everyone at Hilltop Country House, especially Martin & Clare Gardner, for generously lending us your beautiful home/this special venue, for our second charity event here. And to Sam & Charlie Gardner for all your kind help & support; you've been instrumental in making Sue's Summer Soirée happen, an event that has been only two busy months in the making! Sue & her family attended the wedding of Chris & Sally Jenkins on a scorcher of a day in June 2010, one of Hilltop's first events, and what a day it was! It is truly special for us all to gather together here again almost exactly 8 years later.

There wouldn't be a Summer Soiree tonight if there hadn't been Sue, who was a warrior in more ways than one, a truly beautiful wonderful Mum, Grandma, Wife, Sister, MIL, DIL & great friend to many - hence this evening's incredible turnout. Sue will be saying "but I didn't do anything" which, with love & respect Susan Elizabeth Jenkins previously Husdan nee Loweth, is utter rubbish - in your 63 years, "oh yes you did" xxx

But the biggest thanks is reserved for you reading this; thank you for attending and supporting Sue's Summer Soirée, thank you to those who took it upon yourselves to organise groups of friends & tables especially, without you tonight wouldn't have gone ahead, so let your hair down & have a brilliant evening!
